## About the contest

The Best Pivot Door Contest celebrates the unprecedented craftsmanship and design ingenuity of pivot door makers, designers and architects. It is our goal to both unveil their unique artistry as inspire the industry to continually push their creative and innovative boundaries.

This year we celebrate our jubilee, as it is the fifth Best Pivot Door Contest. Add to that our 15 years of experience as a leading international pivot hinge company and you understand we know a thing or two about pivot doors.

That is also why we claim that the systems we create surpass the simple definition of a hinge. They are far more than that. For instance, they provide you with the freedom of design needed to realise your architectural vision.

Just have a look at the amazing pivot doors our systems support, and you'll immediately know what we mean.

We understand full-well that designing a pivot door is more about creating an experience, about making a statement, than it is about adding a doorway to a building. A pivot door can lift the ordinary up to the extraordinary. To become a conversation piece that complements not only its interior, but the design of an entire building.

Therefore, we proudly invite you to follow the movement and submit your finest FritsJurgens pivot door project for the fifth Best Pivot Door Contest.

## We are FritsJurgens

At FritsJurgens we believe in providing an authentic experience. One that exceeds expectations at every interaction. We achieve this by always going the extra mile, never compromising on quality and paying meticulous attention to every single detail.

With these guidelines as our premise, we design and create beautiful, innovative and easy to install premium architectural pivot systems. Systems that support doors up to 500 kg, 4 meters wide and of unlimited height. Furthermore, our hinges are manufactured with the finest materials and will last more than a lifetime.

In short, we are not in the business of making hinges, but in creating FritsJurgens.

## Categories

- Best Interior Pivot Door
- Best Exterior Pivot Door
- Best Specialty Application\*

\* Any special application of FritsJurgens pivot hinge constitutes speciality application. For example, movable walls, rotating shelves, cabinet doors, etc.

## Who can participate

The contest is international. So, door-makers, designers and architects worldwide that have a project supported by FritsJurgens systems are eligible to participate.

## How to showcase your mastery

You will find the submission form on the webpage [www.fritsjurgens.com/bpd](http://www.fritsjurgens.com/bpd), which needs to be filled out with accurate details. You may need to arrange the following information beforehand:

- Project location
- Designer of the door
- Manufacturer of the door
- Photographer
- Other parties involved
- Materials used
- Weight of the door (in kg)
- Door height (in mm)
- Door width (in mm)
- Bottom pivot applied
- Top pivot applied
- Photographs: Attach your carefully selected professionally clicked (at least 3) pivot door pictures and videos to the submission form. Please ensure they meet the specified image requirements.

When the details and content are added, just click submit. You will receive a confirmation email of your submission, if succesful. If you have any difficulties with uploading your entry, please contact us via [projects@fritsjurgens.com](mailto:projects@fritsjurgens.com) or +31 598 343 410.

## Image requirements

Be sure your images and videos are of professional quality. Only submit footage of a finished project. Under construction images and videos are declined. Add a minimum of 3 images of the following shots:

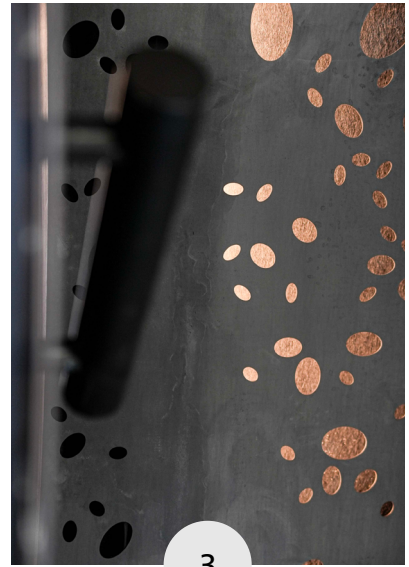

1

Open positioned door

2

Closed positioned door

3

Detail of the material

You can upload over three images or videos of the door showing its functionality. Remember when it comes to images: more is more.

### **IMPORTANT!**

Be advised, a professional video really increases your chances. After all, a pivot door is very much about the beauty of its movement. A well-shot video will capture that more profoundly than any image can.

## What's in it for you

### **Recognition and exposure**

Nominated and awarded projects will receive an official certificate of excellence. Furthermore, the projects will be prominently featured across multiple online platforms, including Facebook, LinkedIn, Instagram, YouTube, Pinterest, and the FritsJurgens website.

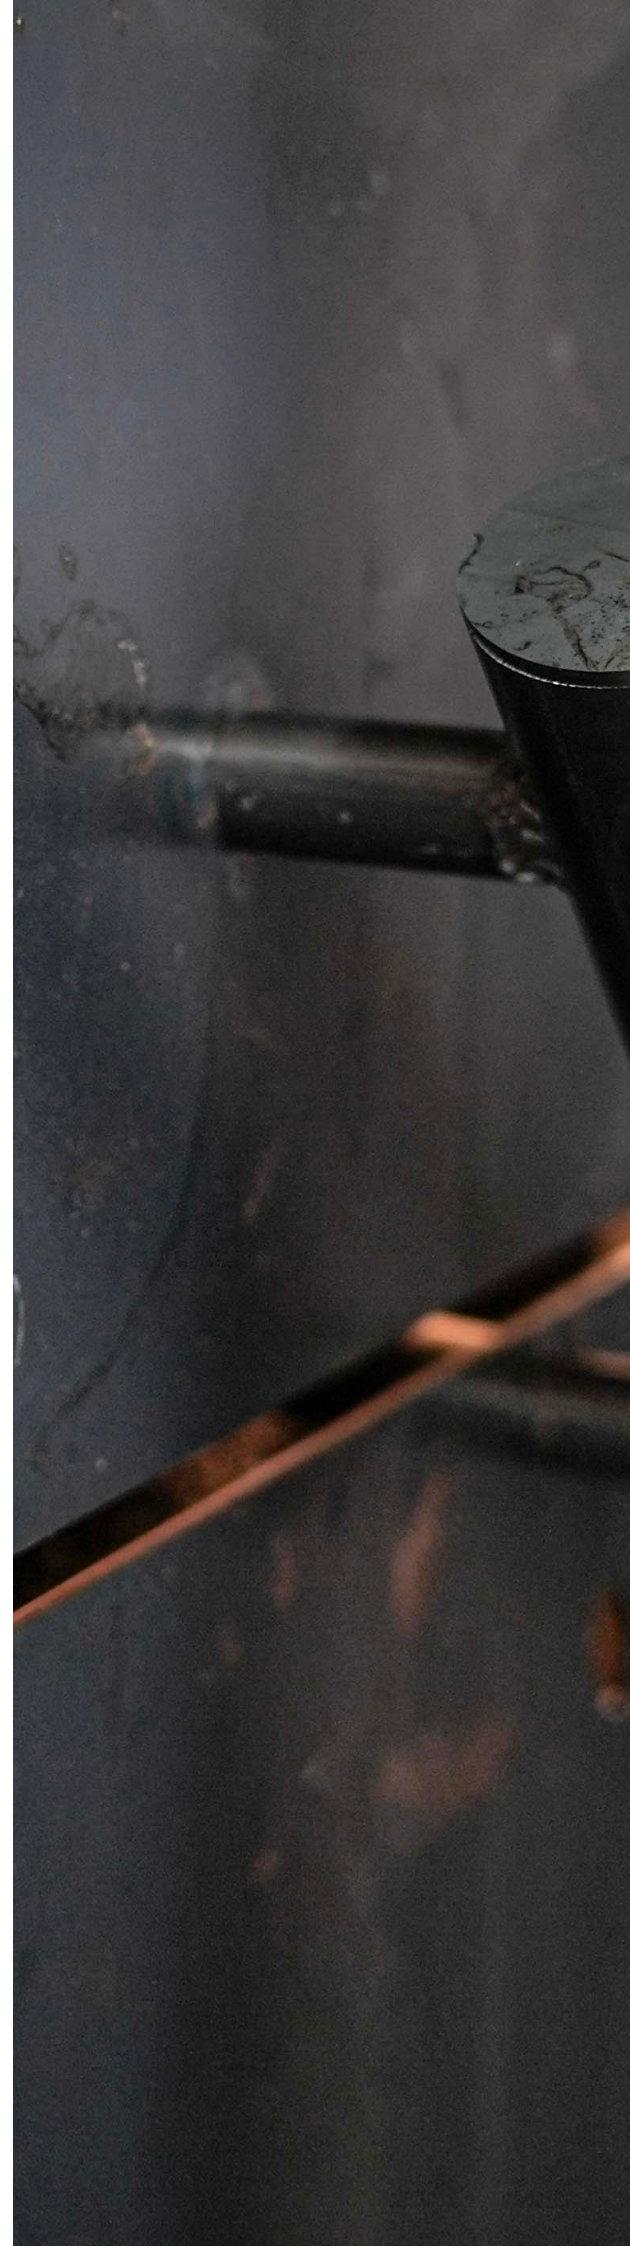

Additionally, said projects will be published on ArchDaily, Architonic, and Designboom, showcasing your mastery to front of millions.

### **Awards and certificates of excellence**

The best pivot doors will receive a custom designed award as well as official certificates of excellence.

## Judging criteria

The criteria for judging the doors include design, application, overall contextual fit in its surroundings, use of materials, and provided specifications. To name but a few. In the event of a tie, FritsJurgens will hold a public vote to determine the winner.
